Reflections:	At first I really struggled with assessment methods, but as the time has gone on I feel I have got a lot better at it.
Overall Rating: *	Need Improvement
Reflections:	I do think I could use some improvement when it comes to adapting instruction, I did not have to do this in my previous practicum class. I do feel I tried my best to use a variety of instructional strategies and even brought in some new things they had not had a lot of experience in before.
Overall Rating: *	Proficient
Reflections:	I feel I kept a well professional character throughout my time in Block 1. I communicated with my teacher whenever I had any questions and made sure to approach it appropriately. I began to build a relationship with several of the other teachers and I enjoyed the time spent with them.
